Design Studio at Moulin Rouge

Thank you for choosing **Design Studio** at Salon Moulin Rouge for your visit. Design Studio is a unique environment that encourages ongoing education and confidence building with the aid of a mentor in a salon situation.

During **Design Studio** your stylist will be required to have a consultation with their mentor about what type/types of service(s) they will be performing on you. Typically visits may last longer on Studio Nights because it is a learning environment and stylists are encouraged to stop and ask questions when needed.

Design Studio prices are available **ONLY** on Monday evenings that are noted Design Studio.

Due to the overwhelming demand for Design Studio, you may only pre-book your next appointment with a stylist **other** than the one last seen for another Design Studio event. If you would like to pre-book an appointment outside Monday evenings, Friday appointments are available at our **Tier 1** pricing structure.

We would like to thank you for the generous response you have given us that enables staff members to constantly strive to further their knowledge.

Best regards,

Ben and Jill Bellomo
